

MSIAC: Where Did It Go?

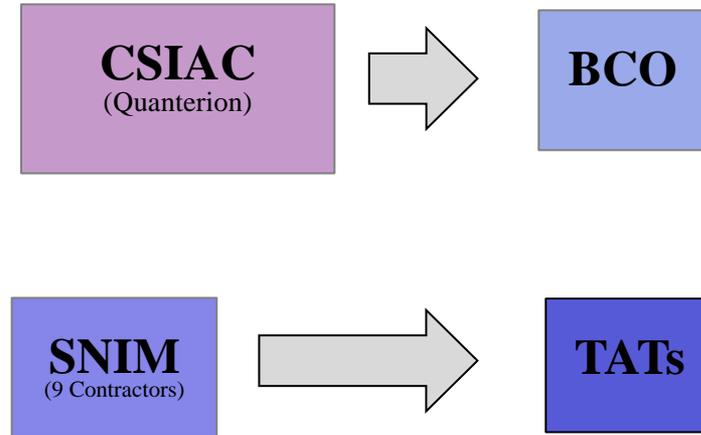

Past and Present

MSIAC PAST

MSIAC (Alion Science) operated the Basic Center of Operations (BCO) and was the prime contractor providing R&D analysis on MSIAC Technical Area Tasks (TATs).

MSIAC PRESENT

What was formerly covered by DACS, IATAC, and MSIAC will now be covered by one BCO, CSIAC. This aligns with the with SNIM scope /structure and eliminates redundant overhead.

SNIM continues to provide R&D analysis for Mod/Sim, IA, and Software Analysis via customer-funded TATs.
